

## **Emergency Resolution submitted by the Long Range Planning Committee Europe to the European Council at the Europa Forum Klagenfurt 2023**

### **Subject:**

To request the Convention Committee\* of the International Board of Directors to authorize that European Lions countries march together at the Parade on International Conventions

### **Explanation:**

On the last two International Conventions, the Lions of INDIA were marching together at the Parade, showing off their impressive strength and diversity.

The marching order at the Parade is determined by the MD/D number, or some other guiding principles, thus European Lions countries were somehow scattered in the great mass of the marching Lions countries the world over.

The Long Range Planning Committee requests hereby the European Council to approve that on behalf of the Lions countries of Europe, a **request is addressed to the Convention Committee** of the International Board of Directors via the Convention Division of LCI, to authorize that Lions countries of Europe march together at the parade demonstrating thus the real strength, diversity of cultures and traditions of the European Lionism.

### **\*Convention Committee of the International Board of Directors:**

The Objective of the Convention Committee of the International Board of Directors is to provide direction, establish norms, recommend and implement authorized procedures to ensure proper organization and operation of all phases of the international convention.

In this respect, it establishes guidelines and procedures for the proper implementation and management of approved plans for the international convention. Such guidelines and procedures should be characterized by sensitivity to the diverse cultures and traditions of international Lionism.
